## CAPABILITIES STATEMENT

### About Us

iTechSQA is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and Woman-Owned Small Business (WOSB) consultancy that delivers customized data, unified communications and network solutions to local, state and federal agencies. iTechSQA is a systems integrator that brings an innovative approach to solving mission critical challenges in and around the IT enterprise and communications environment.

### Core Competencies

- Data Engineering
- Data Analytics
- Data Science
- Machine Learning and AI
- Research and Development
- Datacenter Network Engineering
- AV Design and Implementation
- Software Development
- Application Development
- Desktop Support
- Inventory Management Solutions
- Unified Communications and Collaboration

### Differentiators

Overall, iTechSQA sets itself apart by offering comprehensive solutions across the entire data lifecycle, from engineering robust data pipelines to deriving insights through advanced analytics and deploying cutting-edge machine learning and AI models. Additionally, its expertise in datacenter network engineering ensures that the underlying infrastructure supports the efficient processing and transmission of data. Moreover, a strong focus on innovation and client-centric approach ensures that solutions are tailored to meet the unique requirements of each client.

### Past Performance

iTechSQA has solid experience and performance in the data, IT and telecommunications industries. A list of detailed past performance contracts and projects are available upon request.
